

## Notice of public meeting North Brand Park River

### Dear North Branch Park River Stakeholder

You are cordially invited to a public meeting which will be held in person and virtually on February 23, 2023, for the North Branch Park River Watershed Plan sponsored jointly by the Pembina County and Walsh County Water Resource Districts.

*The purpose of the meeting is to provide a planning update and to seek additional public input on the project scope for the plan's Environmental Impact Statement.* This meeting is the third in a series of public scoping meetings including ones held in 2014 and 2016. Public input was used in formulating plan alternatives to address the flood damages to cropland, roads, and buildings, including the community of Crystal, ND. The project also addresses water quality concerns in the watershed. The proposed improvements would be partially funded by NRCS through the Watershed Protection and Flood Prevention Act of 1954 (Public Law 83-566).
